#### First Baptist Church Like New Building After Sand-Blasting

THIS AND THAT: Have you noticed the change in the outward appearance of the First Baptist church building these days? It's looking like a new building despite its years. Reason is the sand-blasting job, under the direction of B. E. May, that is being given the entire stone structure.

I was reading in the little magazine Sunshine a paragraph which I am passing on to you:

"A huge magnetic crane stands near the railroad tracks, relates Paul Calvin Payne. It dips into a pile of scrap iron. As the magnet is lowered, tons of metal leap to meet it. Here is power indeed!

A few dips of the magnet and the flatcar is loaded. That crane can lift tons of iron, but it cannot lift the sorrow from the heart of one small child. That crane is a great spectacle; so also are the lives of many conspicuous people. But the most powerful forces at work in our world are not confined to the few spectacular events, but are found in the thousands of gentle thoughtful things done in out-of-the-way places by obscure men and women. It takes power to be gentle; it takes power to be sympathetic; it takes power to lift a root-ed sorrow."

I was out to the Lake Harrisburg ceremony yesterday and watched the tree-cutter, which operated with amazing success. I learned that although this cutter is presumed new, it was first put into operation 25 years ago. Then it was definitely unsuccessful. Reason was that the Cats which pushed them were not powerful enough for the cutter to do the work.

I was told that the maker let his patents die and they were picked up recently and operations started at Crossville, where the one on the Lake Harrisburg project was made. Now, with the more powerful Cats, the cutter is a wondrous success.

I get the little pamphlet, Now, which is sent out by R. G. LeTourneau to all those who want it. And in the present issue is an article and pictures about the LeTourneau tree roller. This large machine has two big rollers and the article says:

"It is clear that the tree roller not only kills trees, but it also grinds them up and leaves the resulting pieces to rot and form a mulch for the ground. . . . The rolls on this machine, which are twenty feet wide, are powered with electric motors which are mounted inside the wheels."

Do you like culture for our city? We have our schools, our churches, our library and other institutions which supply this commodity but there is one other which may neglect. It is the Harrisburg Community Concert association, which annually brings the highest type of music to our city.

This week the association is selling season memberships for 1954-55 and is asking that all who want the better things in the arts to be brought to our city to join up.

It's a fine thing that deserves a finer support.

There'll be 14 less rattlesnakes down south of Equality, in all probability.

Dallas Stilley killed a big one with 13 rattles down there and brought it in to John H. Black, who lives on West Parish street.

When I went out to inspect it, Mr. Black had it skinned and right there inside were 13 eggs, which I have been told result in little snakes.

Reason Mr. Black got the snake was that he wanted the snake oil. He can get it without help from Timmo.

Local Junior Police Praised for Work At Plowing Matches

Thirty-eight members of the Harrisburg Junior Police department have returned from the National Plowing Matches at Olney. Chief Eddie Wise, who accompanied the boys, said they received hundreds of compliments from officials for their work.

Originally invited to the matches to assist State police in handling traffic, the junior police were given exclusive police authority in patrolling the concession area, a "tent city" about a mile long by a half-mile wide. The youngsters were the only police on patrol in the area, being especially on the lookout for pickpockets, shoplifters, illegal peddlers, general trouble-makers and persons destroying exhibitors' displays.

Wise and his JP officers and troopers maintained a continuous daytime patrol by Jeep and on foot, in addition to guarding the headquarters tent containing expensive equipment.

### Sec'y Dulles to Attend 9-Power Parley at London

Hopes to Wind Up Affairs at UN to Leave Saturday

WASHINGTON (UPI) — The United States will send Secretary of State John Foster Dulles to a nine-power conference in London next week to try to hammer out a plan for rearming West Germany.

The State Department announced Monday that this country has formally accepted Britain's invitation to the meeting, which is scheduled to get underway next Tuesday.

Lincoln White, department spokesman, said Dulles hopes to wind up his affairs at the United Nations General Assembly in time to leave for London Saturday. The hard-traveling secretary returned only last weekend from a hasty-up trip to Bonn and London. And it was only a week ago that he came back from an extensive Far Eastern trip.

U. S. officials view next Tuesday's conference as the first showdown with France over alternatives to the European army plan which the French Assembly killed. They are frankly not overly optimistic about the chances for success.

These diplomats privately expressed concern today about the possibility that a new plan advanced by French Premier Pierre Mendes-France might, in effect, slap a straitjacket on Germany's rearment.

Mendes-France spelled out his ideas for rearming Germany in an address in Strasbourg Monday. He called for broadening the Brussels Treaty to include Germany and Italy, creation of an armament's control authority; wider British participation in defense of the European continent and eventual admission of West Germany to the North Atlantic Treaty Organization.

The 1948 Brussels Treaty provides that all signatories should help any one that is attacked. It also provides for economic and social collaboration among the five signatories—Britain, France, Belgium, The Netherlands and Luxembourg.

LONDON (UPI) — Britain called an emergency meeting of the five Brussels pact nations today to seek a new way around French fears of a rearmed, sovereign German and mounting German resentment against French delaying tactics.

West Germany reacted angrily Monday when French Premier Mendes-France proposed a plan creating 12 German divisions but temporarily banning Germans from the North Atlantic Treaty Organization (NATO).

Germans said they would not contribute to a "foreign legion."

Pump Water Into Reservoir After 1.83 Inch Rain

Water was being pumped into the Harrisburg reservoir today following last night's heavy rainfall but at 8:30 a.m. today the Middle Fork creek level was falling.

Last night's rainfall measured 1.75 inch, Harrison Kibler reported from the pumping station. Yesterday's precipitation was .08 which made the overall figure 1.83. The overall figure at Galatia was 1.92.

Mr. Kibler reported that the Middle Fork gauge near the Pankey Branch pumping station doesn't start its reading until 10 feet and that last night the water rose to a reading of 12.80, first time there has been enough water for a reading since May 10.

The 750 gallon per minute pump was started around midnight, the 3,000 gallon pump around 2 a.m. and the 14,500 gallon pump around 4 a.m.

Mrs. Nora Patterson, Former Resident Of Near Galatia, Dies

Mrs. Nora Patterson, 70, former resident of the Lebanon community near Galatia, died Monday in Cobden.

She is a sister-in-law of Carol Patterson who lives in the Lebanon community.

The body is at the Blake and Broadway funeral home in Cobden. The funeral will be Wednesday at 2 p.m. at the Lebanon Cumberland Presbyterian church.

Burial will be in the church cemetery.

### Fred Heaton and 3 Detroit People Injured in Crash

Fred Heaton, prominent 72-year-old orchardist living near New Burnside, was taken to St. Louis suffering a skull fracture and three members of a Detroit family were brought to Lightner hospital here following a head-on crash on Route 45 a mile and a half north of New Burnside during the noon hour yesterday.

Mr. Heaton, father of Mrs. George Lee and brother-in-law of Mrs. Mary Musgrave of this city, was taken to a brain specialist in St. Louis by his son, Frederick, after he had received preliminary treatment in Vienna.

Brought here were William Edward Goodall, 54, his wife, Alberta Shirley, 50, and their son, Douglas Edward, 19. Reports were that the wife and son suffered serious lacerations about the head.

Mr. Heaton was driving south, Mr. Goodall north when the head-on crash occurred, State Policeman Guthrie Alexander reported.

### Douglas Lacks Vision for Area, Meek Says

By United Press

Incumbent Democratic Sen. Paul Douglas Monday night attacked the administration's tax bill, while his Republican opponent, Joseph Meek, charged today that Douglas lacked vision as to southern Illinois' economic future.

Meek planned a four-county tour with a windup meeting tonight at Cairo in Alexander County. He was also scheduled for appearances in Union, Johnson and Pulaski counties.

Douglas, meanwhile, planned a major speech at Hillsboro's Community High School tonight following a motorcade through Macoupin County.

In speeches prepared for delivery during the day, Meek said his opponent lacked vision when it came to the potential future of southern Illinois.

He praised the efforts of "Egypt" cities aimed at securing new industry for the area.

"That is the sound way to make this region develop," Meek said.

Speaking at Pekin Monday night, Douglas called for the repeal of what he termed the "unfair tax concessions to stockholders" in tax legislation passed by the last Congress.

"We Democrats," he said, "favored tax cuts for all families, not just the favored 10 per cent who own stock."

Douglas cut his speech short when a cold rain forced 350 persons to seek shelter.

### Anna Man Is Killed by Lightning

ANNA, Ill. (UPI) — Ralph L. Bartruff, 26, was killed by lightning Monday while driving home cows on his farm near here, a coroner's jury ruled.

When Bartruff failed to return, his father, Ernest, searched for him and found the body.

### Reject Bail For Shoulders

WASHINGTON (UPI) — Supreme Court Justice Hugo L. Black Monday turned down a request for bail by Louis Shorlens, veteran St. Louis police officer convicted of perjury for lying about \$300,000 in ransom money recovered from the Greenlease kidnapers.

A 30-minute moving picture, entitled "Let's Train with the Cardinals" and narrated by Harry Caray, was shown as the program at the Rotary club meeting last night.

Henry Winkleman was in charge of the program.

A short business session preceded the movie. Stobart Abney was a guest.

### Paul McKinnis to Lecture in Europe At Officializing Clinic for Troops

Paul McKinnis of Eldorado will lecture in Europe at an officiating clinic for American and Allied troops during the month of October, it was revealed today.

McKinnis, popular Eldorado educator who last year officiated in the Big Ten conference, will leave Washington, D. C., Oct. 4 by military transport for his assignment.

He was one of two officials from the United States recommended by the Commissioner of the Western (Big Ten) conference to serve in this capacity. The other is Sam W. Madden of Detroit.

McKinnis, who is principal of Washington school in Eldorado, also will serve as an advisor on the Health and Recreation Planning commission while in Europe. He expects to be in several countries, including England, France, Germany, Austria and Switzerland.

He is a gifted, entertaining speaker as well as a university football and basketball official. After officiating in southern Illinois high school football and basketball games, McKinnis soon was a member of officiating teams at Southern Illinois University, Murray State College and other schools of higher education and last year broke into the big time, proper

### CIO Warned Russia May Win A-Power Race

#### AEC Official Says U. S. Must Spur Lagging Program

ATLANTIC CITY, N. J. (UPI) — Atomic Energy Commissioner Thomas E. Murray warned today that Russia may win the crucial "industrial power race" if the United States doesn't apply the spurs to its lagging atomic power program.

In a major speech before the CIO United Steelworkers convention, Murray called for a "titanic" government-backed effort to translating "atoms for peace" plans into operating atomic power plants in this country and throughout the free world.

"Our failure to go ahead on a broad, vigorous program," he said, "would play into the hands of the Soviets." He warned that neither "budgetary considerations" nor a shortage of scientists should "cause us to drag our feet in this most important nuclear power race."

#### Can Meet Challenge

"No one familiar with world technology has any doubt that today the Soviets are capable of meeting the atomic electric power challenge," Murray declared.

"If the U. S. S. R. should win the industrial power race, the price tag for nuclear power reactors will be high. So high indeed that the purchaser will be forced to relinquish his birthrights and civil liberties in exchange for nuclear electric power. This must not happen."

At present the city is receiving approximately \$650 in free telephone services and is paying for \$260 worth of service which will be immediately absorbed by the company. Under the new franchise the company is offering \$1,440 in telephone service yearly, and Exchange Manager Millard Lynch pointed out that this would amount to \$72,000 during the 50 years the contract is in operation.

"This was a 'kick off' affair beginning the drive for new memberships which will end Saturday, Sept. 25. Renewal week was Sept. 13 through 18.

The tables were centered with cornucopias filled with colorful fruit, and dainty black silhouettes of dancers, pianists, harpsists and vocalists served as place cards.

Mrs. P. W. Sherman offered

Following the meal the president, John Schork, made a short welcoming speech and introduced the representative from the Columbia Community Concerts of New York, Mrs. Gretl Waldapfel, who will be in Harrisburg this week to help in the membership drive.

Mrs. Waldapfel stated she was born in Vienna, Austria, and 16 years ago she and her husband, Richard, who died a year ago, came to the United States and settled in Grand Junction, Colo. At that time, she continued, outside of high school bands and phonograph records, Grand Junction, had no real cultural music. Since she and Mr. Waldapfel had an extensive record collection from Europe, they invited people into their home to hear the artists. They would also tell facts about the performers and composers.

Later, she said, they started the Community Concerts with which she worked for 11 years.

"Being born in Austria, the United States seems like 'paradise,'" she said, and stated she wanted to make everything here better. "We must tell people about music because they do not enjoy something they know nothing about," she concluded.

The broad language of McDonald's statement regarding "relationships with the organized labor movement" prompted speculation he might propose "working agreements" with the United Mine Workers and Teamsters unions.

Each year organizations throughout Saline county stage fund-raising campaigns to aid the unfortunate at Christmas time. This year the campaign has received a big boost with the donation of 1,200 cases of Coca-Cola by the Coca-Cola Bottling company of Harrisburg.

The Coke was made available on the condition that all proceeds from the sale be used in Christmas funds. The 1,200 cases were allocated to Harrisburg, 600; Eldorado, 400, and Carrier Mills, 200.

The donation was made to Guy Price as a representative of the Saline County Trades and Labor Council and he in turn contacted organizations in the three communities that usually head the Christian programs.

The Coca-Cola will be sold at the regular price of \$1 per case, plus the 60 cents deposit on bottles and shell. The deposit will be refunded when the bottles and shell are presented at the Coca-Cola company, 29 West Raymond street.

Plans are for a big sale to be held on the square in Harrisburg soon. Complete plans for the sale will be announced later.

In Eldorado the program is being handled by the Clerk's Union. The Coke has been stored near the downtown business area and clerks are donating their time off to handle the sales.

In Carrier Mills the two veterans organizations, American Legion and VFW, will handle the program.

**★ EDSON IN WASHINGTON ★**

**SEATO Needs India, Burma,  
Indonesia to Be Effective**

By PETER EDSON  
NEA Washington Correspondent

WASHINGTON — (NEA) — The Southeast Asia Collective Defense Treaty signed by representatives of eight nations at Manila is only another piece of paper till it is ratified by the congresses or parliaments of at least five of the member governments.

For the United States, this could be done at the reconvened session of the U. S. Senate which will consider the censure motions against Senator McCarthy. But the general expectation is that the treaty won't be sent to the U. S. Senate for ratification until the full Congress reconvenes next January. That means hearings and probably no ratification before February at the earliest.

Implementation of the treaty may be as much as six months or a year off if some of the nations exercise their customary caution in ratifying any new alliance. After that will come creation of a Southeast Asia Council, to consider how the treaty shall be implemented.

This does not mean that all action to make the treaty effective will be blocked for that long. Some preliminary planning can be done before ratification and creation of the new council.

THE IDEA IS TO HAVE a permanent council in session at all times to keep an eye on developments in Southeast Asia. No location for permanent headquarters has been decided upon.

The Philippine government has been designated as depository for ratifications of the treaty. Manila has therefore figured prominently in speculation on where the SEATO will sit. Honolulu or Singapore, with their big military bases, are other possibilities.

A small "standing committee" of military commanders, such as the North Atlantic Treaty Organization maintains in Washington, might also be established here to direct defense forces in the Southeast Asia area.

There is a great temptation to say that SEATO is a Pacific counterpart to NATO, but that is considered an exaggeration. SEATO has no military force of its own, such as NATO has. SEATO is a far weaker organization than NATO when it was created five years ago. At best, SEATO may be considered a third cautious step towards the creation of a NATO-like organization in the Pacific. The first step was the U. S.-Philippine mutual defense agreement

made at the end of World War II. The second step was the ANZUS (Australia-New Zealand-U. S.) pact made in connection with the Japanese peace treaty negotiations for mutual defense against any new aggressions in the Pacific.

IN CONNECTION WITH this ANZUS pact there have been a number of secret five-power military conferences — including France and Great Britain — at Singapore and Washington. The machinery set up for these five-power operations is now capable of expansion to include the three other SEATO charter members — Pakistan, the Philippines and Thailand. This organization obviously has great gaps in it. But the way is left open for the admission of new members as they wake up to the threat of Communist aggression in Southeast Asia.

It is notable that the new treaty extends its theoretical if not very real protection to the three Indo-China states of southern Viet Nam, Laos and Cambodia. By the terms of the Geneva armistice agreement, Viet Nam is barred from joining the Southeast Asia alliance now. Laos and Cambodia might be admitted, technically, but there will probably be no immediate move to take them in.

The United States government has taken the position that it will do nothing to overthrow the Geneva armistice terms, but that it would view any renewed Communist aggression in this area as a threat to peace.

WHAT THIS SEEKS to add up to is that U. S. Secretary of State John Foster Dulles now has the "united action" agreement on Southeast Asia that he tried to get out of the British and French before the Geneva conference. It is too late now to do anything about saving Viet Nam. But it is perhaps better late than never as a timid step towards uniting this part of the world against Communism.

There are of course three other alliances to back SEATO up if it ever gets in trouble. These are the U. S. mutual defense alliances with Formosa, Japan and Korea. They are excluded now and they are weak reeds on which to lean, requiring more support than they can give. But they might be brought in eventually, after wartime prejudices have cooled down.

What the SEATO alliance really needs to be really effective is support from India, Burma and Indonesia. They all want to be neutral

**Sororial Club Holds  
Regular Meeting**

The regular meeting of the Sororial club was held Thursday, Sept. 16, at the home of Mrs. Ruth Miller. After a short business discussion, written contests were held and prizes won by Winnie Craig and Twila Pritchett. During the traveling bingo session, prizes were won by Winnie Craig, Twila Pritchett, Bonnie Bolen, and Marjory Whiting. Several members were remembered with gifts from their mystery pals, and they were: Bonnie Bolen, Judy Smith, Twila Pritchett, and Pat Durfee. Delicious refreshments of cheese salad and chicken salad sandwiches, potato chips, cookies, and soft drinks were enjoyed by the following:

Mrs. Marcheta Clore and children, Mrs. Twila Pritchett, Mrs. Winnie Craig, Mrs. Marjory Whiting and son, Mrs. Vonnie Beggs and daughter, Mrs. Judy Smith and son, Mrs. Bonnie Bolen, Mrs. Nellie Yocom and daughter, Mrs. Pat Durfee and the hostess, Mrs. Ruth Miller and children.

The next meeting will be on Oct. 7 at the home of Mrs. Twila Pritchett.

**Gaiety Club Meets With  
Mrs. Alma Jean Van Hoy**

The Gaiety club met recently at the home of Mrs. Alma Jean Van Hoy with all members present and three visitors.

Mrs. Van Hoy was the winner of the towel shower.

During the recreation prizes were awarded to Leanna Austin, Pauline Beasley, Muriel Thomas, Lorrell Jennings.

Delicious refreshments of chicken pie, jello salad, banana nut cake, Cokes and coffee were served to the following:

Mrs. Muriel Thomas, Mrs. Angelina Prather, Mrs. Leanna Austin, Mrs. Elsie Lea Ammon, Mrs. Pauline Beasley, Mrs. Elsie King, —FREE ESTIMATES—

**TEXAS EASTERN SERVES THE COMPANIES THAT SERVE YOU**

Transistors are so small they are assembled under microscopes. Possibilities for their use are many, including "Dick Tracy" type two-way wrist radios. Gas for Raytheon Manufacturing Co., Waltham, Mass., is supplied by Boston Consolidated Gas Company, served by Algonquin Gas Transmission Company, a customer of Texas Eastern.

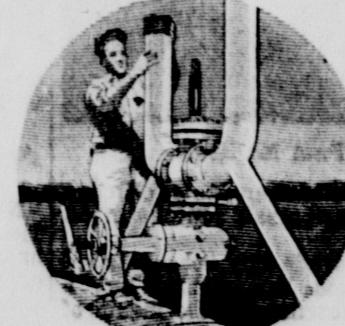

This year wearers of hearing aids will save almost \$25,000,000 in battery costs — thanks to the amazing transistor. Tiny, tube-replacing transistors require but a trickle of power, and they have practically done away with annoying power interruptions and inconvenient battery changes. Raytheon, a leading electronic manufacturer, purifies germanium — a vital element in transistors — in gas-fired reducing furnaces. As in most other operations at Raytheon, gas is used as the main fuel, because only gas can deliver the critically exact temperatures with flexibility, convenience and economy.

Mrs. Sam Potter Hostess to McKinley Daughters of Ruth

The Daughters of Ruth Sunday school class of the McKinley Baptist church held its regular meeting at the home of Mrs. Sam Potter.

The meeting was opened with the class song, "Teach Me to Pray," and prayer by Mrs. J. D. McCarty. Mrs. Wayne Newcomb gave the devotion from the 14th chapter of John.

During the business session the class roll was answered by naming a woman in the Bible. Mrs. Beulah Pollard was introduced to the group as the new teacher for the year. Closing prayer was by Mrs. Houston Smith.

Hostesses were Mrs. Wayne Kerr, Mrs. Carl Kuppert, and Mrs. R. H. Davidson, assisted by Mrs. Potter.

Present were Mrs. Sam Potter, Mrs. Eloine Koch, Mrs. Clarence Hutchison, Mrs. John Crawford, Mrs. Lindell McDonald, Mrs. Carl Kuppert, Mrs. Jewell Estes, Mrs. R. C. Fritts, Mrs. Maynard Cannon, Mrs. James Rice, Mrs. George Butler, Mrs. Guy Pankey, Mrs. Wayne Kerr, Mrs. Beulah Pollard, Mrs. R. H. Davidson, Mrs. Ewell Winkelman, Mrs. Charles Fulker son, Mrs. Houston Smith, Mrs. Herschel Fritts, Mrs. Ben Yarbrough, Mrs. Lewis Penrod and Mrs. Harold Pelhank.

Beta Kappa Chapter Discusses Projects

Beta Kappa chapter of Beta Sigma Phi sorority met Monday evening, Sept. 20, in the newly decorated club room of the public library for the regular meeting.

Mrs. Clayton Slack, president, presided at the business meeting at which the budget and projects for the coming year were discussed. Mrs. Ronald Coon, social chairman, announced the parties to be held this fall.

Mrs. Charles D. Taylor presented an interesting talk on "Definition of Happiness and Self Analysis," which was the lesson for the evening. She gave a definition and told of the many different factors that contribute to the happiness of individuals. She also read several poems in connection with the subject.

The following members were present: Mrs. Marvin Barnett, Mrs. William Keen, Mrs. Gene Neihus, Mrs. Claude Phelps, Mrs. Leo Podoriski, Mrs. Samuel E. Porter, Mrs. James Suver, Mrs. Slack, Mrs. Taylor, Mrs. Coon, and Miss Margaret Toth.

After the meeting, the members were invited to the home of Mrs. Taylor for delicious doughnuts and coffee.

Mr. and Mrs. Herbert Barger, Mr. and Mrs. Bertis Diefenbach and daughter, Susan, spent the week end in St. Louis, Mo., visiting relatives and attending the ball game Saturday night.

#### Calendar of Meetings

The Candlelight Home Bureau unit will meet with Mrs. Glynn McCormack, 320 South Granger, Wednesday at 7:30 p. m.

The Past President's Parley of the American Legion Auxiliary will meet tonight with Mrs. James Gwaltney, 315 West Baker.

The Fidelis class of the Presbyterian church will meet at 7:30 p. m. today at the home of Mrs. Walter Coulter, 212 West McElroy.

The Saline County Girl Scout council will meet Thursday at Karel park at 6 p. m. for a council and wiener roast. All members are urged to attend.

The circles of the W. S. C. S. of the First Methodist church will meet Wednesday at 2 p. m. with the following hostesses: Dorcas, Mrs. T. A. Wilkison, 715 South McKinley; Lydia, Mrs. D. L. Shain, 209 East Church; Martha, Mrs. Adolph Smith, 113 South Main; Naomi, Mrs. Ed Gaskins, 206 East Walnut; and Ruth, Mrs. E. M. Travelstead, RFD Equality. Anyone needing transportation meet on the church grounds at 1:30 p. m.

#### Remove Two Towns From Critical Water Shortage List

SPRINGFIELD, Ill.—Ashley and Coulterville have been removed from the list of Illinois towns with critical or near-critical water shortages.

Thirteen towns were named on the latest list issued Monday—Assumption, Beecher City, Brownstown, Eldorado, Elkhorn, Greenfield, Jerseyville, Kincaid, Mulberry Grove, Nashville, Paris, Teutopolis and Williamsville.

The report by state sanitary engineers said a recent detailed study showed public water reservoirs at Ashley and Coulterville have "more water available than had been estimated in the past."

The fire Sept. 8 caused considerable damage to the Jane Addams Hall at Dwight. Several persons were treated for shock or burns.

#### Beats Wife, Daughter To Death with Hammer, Suicides with Dynamite

WISE, Va.—Lester Green, 40, beat his wife and 8-year-old daughter to death with a hammer today and then committed suicide by blowing up his eight-room frame house with dynamite, Sheriff Harold Fleming said.

A 16-year-old daughter, Betty, told the sheriff she was awakened by her mother's screaming.

Betty fled to the nearby home of a relative, and a short time later her own home was demolished by an explosion.

#### Miss Barbara Jeanette Bordon and J. W. Pulliam Exchange Marriage Vows

(Ronnie's Studio Photo)

Mr. and Mrs. J. W. Pulliam

Miss Barbara Jeanette Bordon, Harrisburg RFD 1, and J. W. Pulliam, son of Mr. and Mrs. Charles W. Pulliam, Galatia, exchanged wedding vows before a fireplace adorned with flowers and greenery in the home of the bride's parents, Mr. and Mrs. Joe Bordon, Harrisburg RFD 1.

The double ring ceremony was performed by Vern Joyner Jr., Sunday, Sept. 5, at 3 p. m.

The bride, who was given in marriage by her father, chose for her wedding a wool dress of winter white designed with elbow length sleeves and a full gathered skirt. She wore a jacket fronted with pearls and rhinestones and a matching hat with cocoa brown accessories. She carried on a white Bible, a gift of the bridegroom, an orchid.

Mrs. Esther Chiado, aunt of the bride, was matron of honor, wearing a powder blue dress with pink roses.

Mrs. Dale Sullivan presided at the piano, playing "I Love You Truly," "Because," and "Always."

Mrs. Bordon chose for her daughter's wedding a gold silk dress with white trim and a corsage of white carnations, and the bridegroom's mother was dressed in navy blue nylon with a corsage of yellow carnations.

A reception at the home of the bride's parents followed the wedding. The reception table was decorated with a three tiered wedding cake and punch bowls. Hostesses were Mrs. Charlie Leinhart, Mrs. G. L. Abney and Mrs. Fanno Bleding.

#### Karnes Reunion Held

Friday At Karel Park

The Karnes reunion was held Friday evening at Karel park. A potluck supper was enjoyed.

The following were present: Mr. and Mrs. Charlie Hall, Mr. and Mrs. Vern DeVillez, Mr. and Mrs. Jeff Karnes, Mr. and Mrs. Guy Karnes, Mrs. Mollie Bradley, Harold and Larry, Leland Karnes, Mr. and Mrs. Bob Karnes, Shirley and Bobby Jo, Mr. and Mrs. Dwight Karnes and Gary, Byford Karnes, Mr. and Mrs. Victor Mitchell and Kay, Mr. and Mrs. Herman Bramlett, Mr. and Mrs. Wayne Crags, Jeff and Tom, Mr. and Mrs. Ernest Bradley, Terry and Mark, Mrs. Lorene Davis, Mr. and Mrs. Gibson Karnes and Douglas, Miss Eddie Karnes and Miss Judy Wasson.

The fire Sept. 8 caused considerable damage to the Jane Addams Hall at Dwight. Several persons were treated for shock or burns.

Beats Wife, Daughter To Death with Hammer, Suicides with Dynamite

SPRINGFIELD, Ill.—A convicted murderer has confessed she accidentally started the fire at Dwight Women's Reformatory two weeks ago, it was revealed today.

State Fire Marshal John J. Twomey said Theresa Jenkins, 25, serving a life term for murdering an employee of Geneva State Training School for Girls in 1947, admitted she started the fire.

Twomey said Miss Jenkins made a statement indicating the blaze started as she was destroying a communication known as a "kite" from another inmate.

The fire Sept. 8 caused considerable damage to the Jane Addams Hall at Dwight. Several persons were treated for shock or burns.

To Rev. and Mrs. George T. Kennedy, Port Huron, Mich., a boy named James Thomas and weighing nine pounds, three ounces. Rev. Kennedy, the nephew of Mrs. Claude L. Rew of this city, and Mrs. Kennedy, and two children returned to the states last May from India for a year's furlough after five years' missionary work in India.

To Mr. and Mrs. Vernon Kenne Jr., a boy named Vernon Kenne Jr., weighing seven pounds, eight ounces, and a girl named Verna Ann, weighing six pounds, four ounces, born Sept. 19 in the Harrisburg hospital.

To Mr. and Mrs. W. W. Chunn Jr., 109 North Granger, a boy named Michael Walton, weighing seven pounds, 12 ounces, born Sept. 20 in the Harrisburg hospital.

To Mr. and Mrs. Joe Oliver, Harrisburg RFD 4, a girl named Alecia Kay, weighing eight pounds, one ounce, born Sept. 20 in the Harrisburg hospital.

To Rev. and Mrs. Leonard W. Hall reported to President Eisenhower today that the GOP faced a "hard fight" in returning a Republican majority to Congress this fall.

The GOP chairman predicted, however, that the Republicans would pick up between 15 and 25 House seats.

Hall, who conferred with the President and three top officials of the Republican national organization at the summer White House here, also took a poke at former President Truman, who has been critical of the GOP administration.

"I hope Mr. Truman takes an active part in the campaign," Hall said. "To my mind, anything he says will help us in the campaign."

State Policeman Roy A. Lane said his investigation showed that Baltosser was travelling east and a crash resulted when Meier, driving west, made a left turn toward the blacktop road.

Both vehicles were damaged considerably.

Another crash that occurred about the same time, it was learned, damaged extensively the auto driven by Robert Maddox of Harrisburg.

The animal was last seen on the west side of the city. It apparently fled near Equality on Route 13 east of Harrisburg.

Word has been received of the death of Mrs. Merida (Effie) Melgar, former resident of Eddyville who passed away September 17 in Michigan following a long illness.

Funeral and burial were held yesterday in Durand, Mich.

She is survived by her husband,

four daughters and four sons, all of Michigan; four sisters, Mrs. C. E. Knickerbocker, St. Louis, Mo., Mrs. Angus Barger, Marion, Mrs. John King, Eddyville, and Mrs. James Trammell of California, and one brother, Huey Morse, of Harrisburg.

**ROAD TESTS SHOW:**

**GULF'S COMPLETELY NEW AND DIFFERENT GASOLINE...**

**ACTUALLY MAKES CARS PERFORM BETTER THAN NEW...**

**AFTER 15,000 MILES!**

**NEW SUPER-  
REFINED GULF NO-NOX**

HIGHER-THAN-NEW HORSEPOWER! BETTER-THAN-NEW ON GASOLINE MILEAGE! AND NOT A SINGLE TRACE OF CARBON KNOCK OR PRE-IGNITION AT ANY TIME—EVEN ON THE STEEPEST MOUNTAIN GRADES!

Instead of trying to fight trouble-making deposits with so-called "miracle-additives"—inside your engine—Gulf believes in preventing them from forming in the first place. That's why Gulf, in making new Super-Refined NO-NOX, refines out the carbon-forming, "dirty-burning tail-end"—more than a cupful in every gallon. Just look at the plates the Gulf scientist is holding in the unretouched photo above, and see what a difference Gulf super refining makes!

Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. Result: a cleaner-burning super-fuel that gives you thousands of extra miles of full engine power . . . free from knock or pre-ignition.

Starting with your first tankful, this new, super-refined, super-powered fuel will give you these immediate and lasting benefits:

► **More complete engine protection** than the so-called "miracle-additive" gasolines. Why? Because Gulf refines out the "dirty-burning tail-end" of gasoline, the No. 1 troublemaker in high-compression engines—and then treats this new Super-Refined NO-NOX to give it a complete range of protective properties. It protects every part it touches against harmful deposits—carbon, rust, gum.

► **Extra gas mileage.** Why? Because new

NO-NOX is specially blended for the short-trip, stop-and-go driving you do most.

► **No knock, no pre-ignition**—even in today's super-compression engines. Why? Because the anti-knock power of new NO-NOX has been stepped up to an all-time high.

► **Stall-proof smoothness**—no more worries about carburetor icing in chilly weather, or vapor lock on warm days. Instant starts, too—and fast, fuel-saving warm-up.

That's why new Super-Refined Gulf NO-NOX gives you more power-with-protection than you've ever known.

## BUT NOT WHERE YOUR AUTO INSURANCE IS CONCERNED

Of course you want to hold down the cost of insuring your car, but don't let that influence you to buy insurance with price as your main consideration. If you do, you may find that if you have an accident you will have to "do it yourself" in handling all the troubles that usually follow. What that can cost you in lost time, worry and expense is quite likely to offset all you "save" on your premium.

Remember that insurance value cannot be measured simply by the price you pay when you take out a policy — it also shows up in the quality of performance you get when trouble strikes. In the long run you will usually be better off to let your local Hartford agent look after all your insurance needs. You can count on him to be on hand in your home town, ready to assist you promptly, intelligently and willingly. Backing him up is the nationwide Hartford organization of nearly 10,000 agencies and over 200 claim service offices, all equally ready to help you wherever else you may go. For time-tested Hartford protection, see:

Think Twice Before You Buy Insurance On Price!

## Looking AT Sports

By BILL MELTON

Even though football is crowding into the sports picture, baseball will continue to attract lots of interest until after the World Series, so we continue to give you fans The Sporting News Baseball Quiz.

Sports fans will be treated to stories of history-making World Series in the big World's Series issue of The Sporting News that will be on sale next week. For example, they will be taken back to 1920 when the Cleveland Indians won their first pennant and World's Championship under Tris Speaker.

In advance of this biggest issue of the year for the national baseball publication, The Sporting News Baseball Quiz has four questions dealing with the series directly — and one indirectly. Here is how you score yourself: You get four choices. Mark them 1-2-3-4. If you're right on a first pick, score yourself ten points, five for a second, three for a third and one for a correct fourth pick. Ready?

1. The first home run with the bases loaded in World Series history was made in 1920 by a Cleveland player. Who was he? ( ) Burns ( ) Jamieson ( ) Smith ( ) Gardner ( ) O'Neill ( ) Wood

2. Many fans know that Bill Wambagsma made the only unassisted triple play in World's Series history in the fifth game of the 1920 series. With Pete Kilduff on second and Otto Miller on first, the Brooklyn batter hit a sharp line drive to Wambagsma, who was running to cover second base. Wambagsma stepped on second, retiring Kilduff and tagged Miller, who had run down from first. Incidentally, the Brooklyn batter who figured in the triple play hit into five putouts in his last two times up, as he later grounded into a double play. Who was he?

( ) Johnston ( ) Myers ( ) Olson ( ) Mitchell ( ) Neis ( ) Wheat

3. Up to the morning of September 18, in 25 doubleheaders two pitchers pitched complete games in sweeping twin-bills for their team. Bob Feller teamed up with Art Houtteman twice and once each with Wynn and Lemon. Houtteman and Lemon teamed up on another two occasions, and Lemon and Wynn in one-making a total of 14 complete game victories in double-headers for the Indians—tops for the majors. But what combination shown below pitched the only double-shutout of the year?

( ) Antonelli-Maglie ( ) Drews-Fowler ( ) Gromek-Garver ( ) Houtteman-Lemon ( ) Pierco-Trucks ( ) Roberts-Simmons

4. Only one player in World Series history hit a home run for a National League team in a game that was won by a 1 to 0 score. Who is he? ( ) Bancroft ( ) Kelly ( ) Rawlings ( ) Frisch ( ) Meusel ( ) Stengel

5. One of the men named below served as official scorer of the World's Series for 11 consecutive years. Can you name him? ( ) Ford Frick ( ) Warren Giles ( ) William Harridge ( ) J. G. Taylor Spink

Answers to The Baseball Quiz in this column tomorrow.

### Indianapolis Wins Its Playoff Series

By United Press

The champion Indianapolis Indians of the American Association looked forward today with keen interest in the outcome of the postponed final playoff game between the Columbus Red Birds and the Louisville Colonels.

Monday night the Indians wrapped up their best-of-seven playoff series with the Minneapolis Millers by blasting out a 9-5 victory. The win gave the Indians a 4-2 game edge, making the seventh game unnecessary.

At Louisville, the Colonels were leading, 1-0, in the top of the third inning when rain forced postponement of the deciding game in the best-of-seven series with Columbus. Each team has won three games.

The Colonels had four hits, including a first-inning homer by Marty Keough, and the Red Birds two hits when the game was called after a two-hour delay because of rain.

Stu Miller will take the mound tonight for the Red Birds while the probable Louisville hurler will be either Al Curtis or Tom Casagrande. The winner of the game off finals.

### Pronto Don Sets Record with \$318,792 Earnings

COLUMBUS, Ohio (UPI) Pronto Don, the 9-year-old gelding trotter, has won them all now.

Old Don has displayed Good Time as the biggest money-winning harness horse of all time after almost eight full years of racing.

Old Don won the brightest jewel in his bedecked crown for owners Gene and Don Hayes of Du Quoin, Ill., last week at Roosevelt Raceway.

Taking \$2,500 in the \$25,000 trotting championship, Old Don boosted his lifetime earnings to \$319,673.96. The former record, held by Pacer Good Time, was \$318,792.56.

Pronto Don had been Harness Horse of the Year, Aged Trotter of the Year, winner of the annual Headliner Award, holder of world's and season's records and all-time money-winner trotter.

But when the current campaign opened, the chestnut flyer needed some \$20,000 to pass Good Time as all-time money winning harness horse.

He made it after 18 starts.

Four hundred and eighty conversations can be sent over one telephone circuit at one time.

Americans sent 121,000,000 lbs. of mail to overseas servicemen during 1953.

## Experts Failed To Pick Winners

NEW YORK (UPI) — Baseball experts?

Not one out of a total of 181. That was the shining record chalked up today by the sports writers who participated in the annual United Press pre-season panel selections.

Nobody picked both the Giants and Indians to win.

Only four writers picked the Giants and just 22 selected Cleveland. Three of those who liked the Giants envisioned a World Series with the White Sox as opponents and one writer picked both New York teams. There were 19 out of the 22 Cleveland pickers who thought the Indians would play Brooklyn in the World Series. One thought it would be Cleveland-Milwaukee, one picked Cleveland and St. Louis and one Cleveland and Philadelphia.

### Spahn is First Left-Handed 6-Time Winner of 20 Games

MILWAUKEE, WIS. (UPI) — Warren Spahn is the first left-hander in modern National League history to be a six-time 20-game winner, was more dejected today over the Braves' pennant failure than he was pleased with his pitching record.

Spahn defeated the Cincinnati Reds Monday, 6-2, in the first game of a double-header to give him his 20th victory of the year. He previously won more than 20 games in '47, '49, '50, '51 and '53.

### Expect Richest Series in History

BROOKLYN (UPI) — The Giants have the biggest ball park in the National League and the Indians have the biggest park in the American League—so it's expected that the 1954 World Series will be the richest in history.

As nearly as baseball men could guess in advance, each member of the winning team in this series will receive about \$10,000 as his personal share.

The Polo Grounds, home of the Giants, seats 55,000. Municipal Stadium, home of the Indians, seats 73,500.

John Adams, second president of the U. S. was father of John Quincy Adams, the sixth president.

Rainbows are formed by the reflection and reflection of the sun's rays on raindrops.

## Mays, Antonelli Key Men in Race, Durocher Says

BROOKLYN (UPI) — Manager Leo Durocher singled out center fielder Willie Mays and pitcher Johnny Antonelli today as "the two key men" in the New York Giants' drive to the National League pennant.

"I said in the spring we'd be tough if Willie and Antonelli came through," Leo said. "Well, they came through and I was right. They were picking us to finish third in the spring but I knew we were a better team than that. I won't say I thought we would win the pennant, but I knew we were better than third."

Mays slashed two singles and a double to take over the National League batting lead with a .344 batting mark in Monday night's 7-1 clincher over the Brooklyn Dodgers, while Antonelli has a 21-6 won-and-lost record and leads the league in earned run average.

Durocher insisted he "hasn't given the World Series a thought" but Brooklyn Manager Walt Alston warned the Cleveland Indians "to expect a tough fight."

Says Aug. 9 Key Date

"The Giants have been good in the clutch all year," Alston said. "I don't see why they shouldn't be tough in the series."

Durocher singled out Aug. 9 as the key date in the National League pennant race, stating, "I knew then we were in the race all the way."

"We just lost three straight to the Dodgers and our lead was down to a half-game," Durocher said. "When the team bounced back from that with a winning streak, I knew we were going down to the wire with 'em."

There was a glow on Leo's face when he was asked whether the Giant victory this year made him as happy as the "miracle" 1951 triumph climaxed by Bobby Thomson's playoff Homer.

"This bunch isn't as dramatic as the 1951 bunch," Leo conceded with a broad grin. "But they've made me just as happy. They're a better team than the 1951 team; got more bench and more bullpen."

In the tumult of the victorious dressing room, Durocher had praise for everyone — except himself.

"They were all just wonderful, just wonderful," Durocher said.

## Giants Clinch Pennant As Maglie Beats Dodgers, 7-1; Indians Win 109th Game

By EARL WRIGHT  
United Press Sports Writer

The Giants play the Dodgers to

witless in three official tries, slipping to 340.

Cleveland ran its latest winning streak to 11 straight by defeating the Chicago White Sox, 7-4. Cleveland now has 109 victories, one shy of the American League record set by the 1927 Yankees. Bob Feller boosted his record to 13-3, helped by Larry Doby's three-run homer, but needed help from Hal Newhouser and Ray Narleski.

Nats Edge Yanks, 3-2

The Washington Senators edged the Yankees, 3-2, with an unearned run in the ninth and the Detroit Tigers defeated the Baltimore Orioles, 4-3, in other American League night action. Ted Williams' 28th home run and Tom Brewer's four-hit pitching led the Boston Red Sox to a 5-2 afternoon victory over the Philadelphia Athletics.

The only other National League

## Pennant No. 15 For the Giants

BROOKLYN (UPI) — It's pennant No. 15 for the New York Giants in modern times and now they'll be shooting for world championship No. 5.

In the "modern era" of baseball, which began in 1900, the Giants have won pennants in 1904, 1905, 1911, 1912, 1913, 1917, 1921, 1922, 1923, 1924, 1933, 1936, 1937, 1951, and now 1954. They won the World Series in 1905, 1921, 1922, and 1933.

Games were day contests. The St. Louis Cardinals scored five times in the 10th for a 7-2 victory over the Chicago Cubs and the Milwaukee Braves split with the Cincinnati Reds, 3-3. Warren Spahn of the Barres joined a select circle when he won the first game to become the first left-hander in modern National League history to post six 20-victory seasons.

Christy Mathewson, Grover Alexander and Mordecai Brown—all righthanders — are the only other NL pitchers in modern baseball to win 20 games six or more seasons.

Tonight 6 p. m. — Wednesday 2 p. m.

**Nixon to Answer  
Stevenson in  
Address Tonight**

OMAHA, Neb. (UPI) — Vice President Richard Nixon flies to Michigan today to deliver a "full-scale" blast in answer to Adlai Stevenson's charge that the Republicans are mismanaging the government.

Nixon, spearheading the Republican fall campaign, said he would answer Stevenson "from the record" in a speech this evening at Lansing, Mich.

In an address before a national Democratic conference at Indianapolis Saturday, Stevenson accused the Republican administration of mis-handling domestic and foreign programs.

He said the GOP leadership had lost the friendship of allies for the U. S., endangered the national economy, given away natural resources, and brought the country to the brink of war in the Far East while reducing defenses.

Nixon said in Omaha Monday night that the Eisenhower administration had reversed an economic course, followed for 20 years under the Democrats, which would have bankruptcy."

**Cold Front Sweeps  
Into the Midwest**

By United Press

A cold front swept the Midwest today, bringing a preview of autumn two days early.

Temperatures dropped to 28 degrees at Dickinson, N. D., and widespread frost was predicted for tonight in portions of Illinois, Iowa, and Minnesota.

The Weather Bureau said many sections would have minimums below 40 degrees tonight.

The cool front swept into the Southwest, moderating unseasonably warm temperatures that pushed the mercury to 105 degrees Monday at Presidio, Tex., and over 100 in eight other Texas cities. It was 102 Monday at Ardmore, Fort Sill, Hobart and Tulsa in Oklahoma.

The mass of cold air set off heavy thundershowers and squalls which brought welcome rains to the drought area.

**THE STORY: Private Detective Jim Dunn has been retained by Mrs. Kit Carlson to get something on her mother-in-law. It develops that there was a sudden death at Mrs. Carlson's home on the West Coast and that Mrs. Carlson is suspected by the family of murder. Dunn and Nancy, his wife, are to pose as caretakers on the Carlson summer estate in the Colorado Rockies.**

III

Jim stopped in the patch of light before the Creek Junction Hotel and Bar, one of the four buildings in the side-road town. "Won't be a minute, Nancy."

Toby Argyle came back at last with a bunch of keys on a length of wire. He twisted the ends of the wire more securely, tossed the keys on the bar. "There you are, young fellow. Sure you and the others won't spend the night? Could get an early start in the morning."

"Thanks, but I guess I'd better obey orders." \* \* \*

Dunn wondered if the facial contortions were supposed to be a smile. "Keys to a place called The Spires. I understand it's out of town a couple miles."

"What do you want them keys for?"

"Do some work on the place before tomorrow," Jim hoped he was striking a right note.

Argyle appeared more genial. "Guess there's plenty to be done still. The old lady finally take it over from the boy?"

"You talking about Mrs. Oswald Carlson?"

"Sure. Mrs. Oswald, we call her around here. The old lady. She's a card."

"I'm glad to hear it," Jim said. "However, I'm not working for her."

The cordiality dropped away from the folds of Argyle's face. "No?" He made another effort. "The younger one then? Mrs. Hilton, though you don't look like her type to me?"

Dunn took the order from the Denver real estate company from his pocket, put it on the bar. "May-be this'll help."

Toby Argyle's eyes moved quickly down the typewritten page. They returned to the top line and began a slower reading. He dropped the paper at last, pushing it back toward Jim. "Mrs. Oswald ain't going to like this."

"Look, Mr. Argyle," Jim said. "All I know is I was hired to come up and get this place ready for my boss who'll arrive tomorrow."

Toby Argyle nodded slowly. "Shouldn't think a city fellow like you'd take such a job though. Lonely place—The Spires."

"A job's a job," Jim said.

"Sure. But there're lots of jobs. Hope you get paid plenty for coming up here."

Jim Dunn thought he knew what was coming and played along. "You bet. These California people

Repair Track  
After Wreck Killing  
One, Injuring 50

MATTOON, Ill. (UPI)—Track crews worked today to repair damage left when a New York Central streamliner struck a truck and left the rails, killing the truck driver and injuring about 50 persons.

The Southwestern Limited, eastbound from St. Louis, collided with the truck driven by Gary Bryant, 22, of Mattoon, at a country crossing. The locomotive stayed on the tracks but nine of the train's 11 cars were derailed.

The Red Cross set up an emergency clinic at a local school where many of the lesser injuries were handled. Nine with serious injuries were taken to Mattoon Memorial hospital.

Authorities arrived on the scene shortly after the collision to direct rescue operations. One of these was Police Chief Hiram Bryant of nearby Charleston, Ill., who didn't had until later that his grandson had been killed.

It was not known as yet why Bryant failed to see the onrushing train. His truck was one of several engaged in highway construction in the vicinity.

REX ALBERT ABSHER, son of Mr. and Mrs. Royal Absher, Stonefort RFD 2, enlisted in the U. S. Navy on Aug. 11 and is now taking boot training at Great Lakes, Ill. He would enjoy hearing from friends. His address is Rex Albert Absher S. R. 749.97.35 Co 157, 102 Batt., 10 Regt., U. S. N. C., Great Lakes, Ill.

and managed a really worthwhile rattle. The chain tightened and loosened, clattered dismally in the still night air.

The light in the cabin went out. "Hey!" Jim called. "Hello the house!"

His voice sounded unnatural. A young man stepped into the light.

"California—eh? See from the paper her name's Mrs. Gelstrap. Funny sort of name, but I guess that cuts no ice. Now look son. Mostly local people work for the Carlsons."

Jim hesitated, then decided there was no particular point in pushing Argyle into a definite offer for desertion. "I can always leave if I don't like it," he said lightly. "Meantime, the rest of the staff outside'll be getting tired waiting. Could I have the keys?"

"More outside, huh? All right, young man. Maybe you know what you're doing. I'll get the keys out of the safe."

Toby Argyle came back at last with a bunch of keys on a length of wire. He twisted the ends of the wire more securely, tossed the keys on the bar.

The baldheaded, squat man, whose wrinkles appeared to be doing their best to hide seven warts, said, "I'm Toby. What do you want?"

Dunn wondered if the facial contortions were supposed to be a smile. "Keys to a place called The Spires. I understand it's out of town a couple miles."
